

ROCKY MOUNTAIN SEA KAYAK CLUB
PAST TRIPS and LEADERS

Hopefully you are thinking about leading a trip. If it is to a new location you might find the "Planning a Paddling Event" document @ http://www.rmskc.org/info/Planning_a_Paddle.pdf helpful. If it is to a location the club has already been, you might find the following list of past club trips and their leaders helpful. Give one of these people a call and pick their brain about all those nit-picky details a trip leader has to worry about – transportation, driving time, put-in, parking, permits, camping, routes, ACA and club requirements, etc. These people would love to help you in planning your trip so that it is successful, safe and enjoyable for all. Finally, and perhaps most importantly, be sure to review the "Trip Leader Checklist" @ http://www.rmskc.org/Docs/Trip_Leader_Check.pdf and be prepared to fulfill all the requirements before committing to being a trip leader.

Have fun and safe paddling!
